Academics

Curriculum

The curriculum at Mountain Island Charter School follows the North Carolina Standard Course of Study (NCSCOS). The NCSCOS defines the appropriate content standards for each grade or proficiency level and each high school course to provide a uniform set of learning standards for every public school in North Carolina. These standards define what students are expected to know and be able to do by the end of each school year or course.

Homework

The total amount of average daily homework assigned to a student should equate to approximately ten minutes per grade level year (ie, 9th grade = 90 minutes), not including any regular reading time or major school projects/papers/etc.

Reporting and Progress Monitoring

Progress reports are provided to all students. Ongoing progress monitoring helps identify students not yet meeting grade level standards and guides the school in addressing academic deficits. Failure to meet grade level standards may result in program limitations, including but not limited to restriction from extracurricular activities taking place during the school day. Failure to meet grade level standards may also result in program modifications, including student participation in remedial instructional programs both during and outside of the school day. At the first quarter progress report, underperforming students in honors/advanced courses will meet with faculty and/or school leadership to discuss their progress and placement. Formal, detailed report cards are issued at the end of each quarter. Achievement or progress shall be reported as indicated below.

Grading Scale

Defining “expectations” as the progress toward mastery of the standards and objectives set forth by MICS and the North Carolina Standard Course of Study:

- 90-100 A** Consistently Exceeds Expectations at this time
- 80-89 B** Exceeds Expectations at this time
- 70-79 C** Meets Expectations at this time
- 60-69 D** Inconsistently Meets Expectations at this time
- 0-59 F** Does not meet expectations at this time

Grading and GPA Scale

		Unweighted	Honors	CCP/AP
90-100	A	4	4.5	5
80-89	B	3	3.5	4
70-79	C	2	2.5	3
60-69	D	1	1.5	2
0-59	F	0	0	0

Rank is based on the average final marks in all classes, using weighted GPA. Grades are weighted for honors, college transfer (CCP) and Advanced Placement (AP) classes, with honors courses receiving an additional 0.5 quality point and AP and college transfer classes receiving 1.0 additional quality points.

Student Conduct Rating

Reports on the student's conduct are also included in quarters 1, 2 and 3 report cards.

Student conduct is rated using the following scale:

3—Consistently meets grade level expectations

2—Inconsistently meets grade level expectations

1—Does not yet meet grade level expectations

MS/HS Late Work

Homework and Projects:

*In order to be eligible for full credit and gain the most out of their studies, students should submit assignments by the assigned due date. Should a student miss the original deadline due to an excused absence, full credit may be earned given that it is submitted following the teacher's expectations as outlined in their syllabus. Student communication with the teacher is encouraged regarding late work.

Homework/Projects: Work that is to be completed independently will minimally be graded as follows:

- On time: up to 100%
- One Day Late: up to 80%
- Two Days Late: up to 70%
- Three or More Days Late: up to 60%
 - No longer than the end of the quarter

Classwork: Work that is to be finished in class will minimally be graded as follows:

- Completed in class—On time: up to 100%
- Completed after original due date—Up to 60%

MS/HS Make-up Work

In order to be eligible for full credit and gain the most out of their studies, students should submit assignments by the assigned due date. Should a student miss the original deadline due to an excused absence, full credit may be earned given that it is submitted following the teacher's expectations as outlined in their syllabus. Student communication with the teacher is encouraged for any classes missed.

If a student was present or received an unexcused absence, homework and projects will be graded as follows:

- On-time: Up to 100% may be earned
- One Day Late: Up to 80%
- Two Days Late: Up to 70%
- Three or More Days Late: Up to 60%
 - No longer than the end of the quarter

Classwork: Work that is to be finished in class will minimally be graded as follows:

- Completed in Class – On time: up to 100%
- Completed any day after the original due date – Up to 60%
 - No longer than the end of the quarter

Intervention:

Teachers, counselors and leadership will offer support for completion of missing work over the course of the school year. Parents are encouraged to discuss with their student the benefit of this support and help promote attendance at tutoring after school as well as at additional SOAR Days as scheduled by school leadership. If your family is encountering extenuating circumstances or would like suggestions on how to support your child while catching up on work, please reach out to your assigned counselor for further guidance.

Academic Honesty and Integrity

In keeping with our school's mission, we desire to create and maintain an ethical academic atmosphere where honest behavior is an expectation for all students. Such behavior must be reflected in all areas of student life, including the completion and submission of all assignments. By holding students accountable for honest behavior in all areas, we will help them grow in integrity and skill as they learn and practice effective and ethical behaviors connected with the use of information and information technology.

Defining Cheating/Plagiarism

Cheating is the act of using any unauthorized means, including but not limited to material, information, notes, study aids, devices, or communication, to complete any form of academic exercise. This includes acquiring answers from any unauthorized online sources in completing any assigned work or examinations. Plagiarism is using and claiming someone else's material without giving credit to that person. Examples include but are not limited to:

- Copying any portion of another student's answer or work and/or allowing someone to copy one's own answer or work, including working together on an independent assignment and/or copying the work of another person that has already been submitted as that person's own.
- Using and claiming another person's ideas, opinions, theories, words, sentences, paragraphs, or entire work without appropriate acknowledgment of the source, which includes failing to use parenthetical in-text or in-project documentation and/or using documentation that is invalid and/or does not match the Works Cited page.

The school utilizes plagiarism monitoring software to ensure original work by students and addresses student misconduct in accordance with the school discipline plan.

School Hours, Attendance, & Before/After School Care

School Hours

The Middle/High school day for students is 7:30am-2:30pm. The school office can be reached at 704-827-8840 during the school day.

Remote Learning Attendance Policy

In the event that the school provides remote learning, the School will implement a fully remote technology platform which includes an attendance function, progress reports and alerts for staff, students, and parents. Daily attendance will be taken for ALL students, regardless of their physical or remote presence on campus and this tool will be used to track attendance each day. Each student and parent will be trained on how to check in daily to demonstrate attendance and participation. Absences will also be recorded in this tool and then updated in school attendance records.

Attendance Policy

Attendance is a key factor in student achievement; therefore, students are expected to be present each day that school is in session. Regular attendance by every student is mandatory: the State of North Carolina requires that every child in the State between the ages of seven (or younger if enrolled) and 16 attend school. Parents or legal guardians have the responsibility for ensuring that students attend and remain at school daily. When unexcused, students absent for half or more of the school day will not be permitted to participate in afterschool events on that date. All absences are to be verified by communication to the school office (or school voicemail) from a parent or guardian no later than the morning of the day of the absence, including excused absences.

Absences are excused for the following reasons:

1. Student illness or injury. Students with fever of 100.4°F or higher, vomiting and/or diarrhea may not return to school until 24 hours after the symptoms have subsided. Health guidelines may be modified by the school at any time to align with federal, state, or local guidance.
2. Quarantine
3. Death in the immediate family
4. Doctor/dental appointments that *could not be arranged outside of school hours*

5. Pre-authorized absence, including “educational opportunity”. Contact your child’s school principal at least five days prior to the absence.
6. Religious Holidays not observed by the school calendar
7. Court or administrative proceedings
8. Absence related to deployment activities

In the event of an excused absence, written notification (either via handwritten note or e-mail) must be received by the office **within 5 days** of the student’s return to school. School leadership may pre-authorize an excused absence in situations when it is demonstrated that the purpose of an absence is to take advantage of a valid “educational opportunity”, such as travel. Approval for such an absence must be granted prior to the absence. Additionally, should a student miss three or more consecutive school days, a doctor’s note may be required in order to render the absences excused.

Students are not permitted to leave campus and return to campus during the same school day except in the cases where the absences are excused or with the approval of school leadership.

When students reach **3 days of unexcused absence**, parents will be contacted via a notification letter/email.

When students reach **6 days of unexcused absence**, parents will be contacted via a notification letter/email.

When **10 days** of absence (**either excused or unexcused**) has been reached, parents will be contacted by school personnel to review the student’s academic status and factors surrounding the absences and to make recommendations of corrective action as needed.

Should any student reach **20 days** of absence (**either excused or unexcused**) the student and parents will meet with school leadership to discuss the impact to the child’s education. The school reserves the right to issue retention in grade level and/or course failure.

Tardiness

Students who report to a class after the start time will be counted as tardy. Tardies to school are excused for the reasons listed above for which absences are excused.

Family Death or Terminal Illness

If there is a death, terminal illness, or similar traumatic situation in your family that may affect the student’s attendance, emotional well-being, and/or level of concentration, please notify the office and classroom teacher.

Illness During the School Day

When a student becomes ill during the school day, he/she should notify the teacher, and the teacher will send the student to the front office. The office staff will call the parent or guardian or emergency contact for parent pick-up. **Pick up should occur within one hour of notification.**

Early Dismissal

Please check in at the C Building front office when you come to pick up your child. In no case will a student be allowed to leave school with anyone except his/her parent or guardian and emergency contacts unless the school has communication from the student’s parent/guardian. To ensure an orderly dismissal process, early dismissals after 2 pm for grades 6–12 are not permitted.

K–8 Before/After School Care

The MICS Before and After School Program is available to families who wish to have their K–8 child(ren) on site at MICS for an extended day; contract and drop-in rates are available for each. Illness and conduct policies in place during the school day will also hold during the Before/After School program. Fee information and applications are on the MICS website.

Before School opens at 7:00 am for students in grades K–5; students in grades 6–8 report directly to 1st period. After School is available for grades K–8 and closes at 6:00 pm. Before school (7:00-8:05) and after school care (2:45-3:15) are complimentary for students whose siblings also attend the school on differing schedules. A charge of \$5 per day up to \$50 per month for before or after care will be assessed for students who make use of this service but do not have siblings enrolled in the school on a differing schedule.

Communication

Effective communication between school and home is vital to the successful academic, social, and emotional well-being of all students. MICS will communicate often and by a variety of means in an effort to keep parents informed of the happenings at school and the growth of the students. The following are samples of methods of communication used by MICS:

Middle School Student Planners

MICS student planners are a required component of each 6th-8th grade student's school materials. These planners assist the student with organization and facilitate communication between the parents and teacher regarding homework assignments, future tests and quizzes, and other relevant academic information.

Online Resources

We use online communication tools that provide information about our school, your child's classroom, and your child's progress. General information is available at www.micharter.org. Appropriate credentials for PowerSchool (online gradebook program – <https://mics.powerschool.com>) required for logging in are provided by the school. Our system is also capable of conducting school-wide communication using Parent Square (<https://www.parentsquare.com>).

Parent/Teacher Conferences

Parent/Teacher Conferences may be scheduled to allow parents and teachers to discuss a child's performance at school. Conferences can be held as needed, before or after school as well as during the school day per teacher availability. After the end of the first quarter, there is one teacher workday that provides opportunities for Parent/Teacher conferences. Additional conferences may be scheduled as needed throughout the remainder of the school year. Parents/Guardians should contact their child's teacher(s) to schedule a conference.

Adverse Weather Communications and Other Closures

The Executive Director determines whether to close or delay school or release students early for any safety concern, primarily when inclement weather is predicted and road conditions are unsafe for travel. The decision to close or delay school, including how long to delay, will be shared in the following ways:

- MICS Website
- MICS Parent Square
- Local News Affiliates (weather-related events only)
- Telephone Notification System

Announcements prior to the start of the school day will be made by 6:00 AM of the day in question. If no announcement is made, the school schedule remains as normal.

If inclement weather is predicted after the school day has begun, a decision regarding early release will be made as quickly as possible. In the event school is dismissed for the day, notifications will be announced via the lines of communication listed above.

Please remember to make plans in advance for childcare in the event that weather closes school during the day. If school is already in session when a severe weather watch or warning is issued, the school will remain open. Staff will take appropriate safety precautions.

School Phones

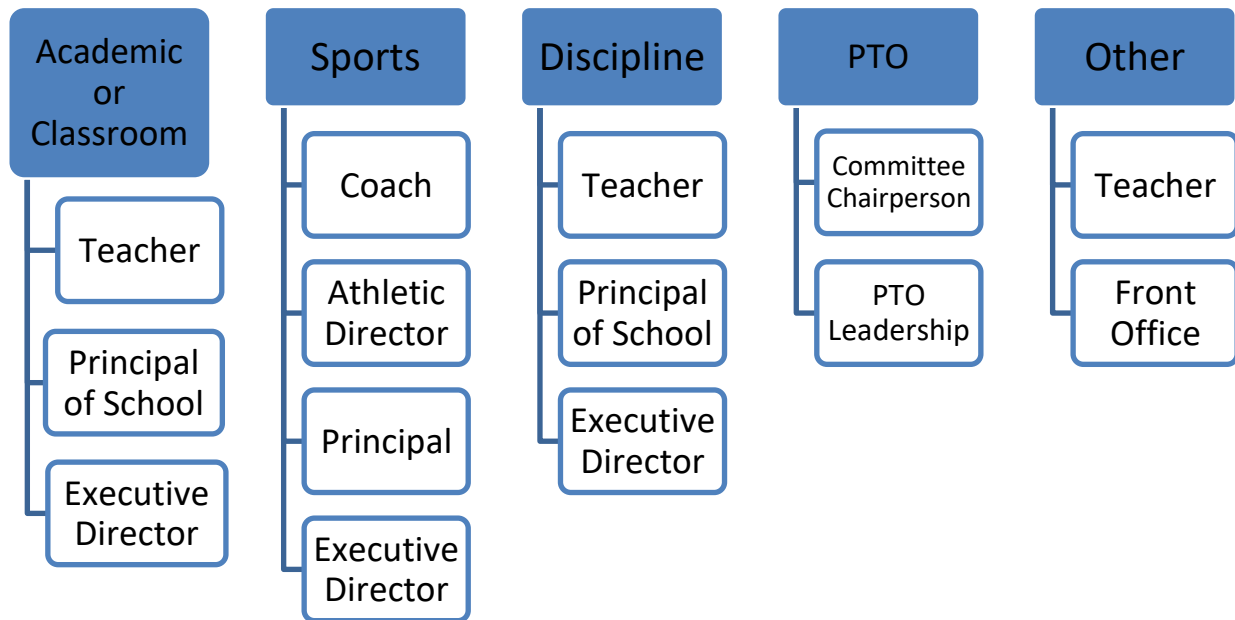

Students may use school phones to call home with permission. If a student is ill, the school office will contact the parent/guardian. Important messages will be given to students or staff members upon request.

Student Cell Phones and Electronic Devices

Student technology (cell phones, electronic devices, etc.) may be used during the school day only at authorized times or with staff permission. Please refer to related sections in the Discipline Plan including but not limited to sections 2g, 4g and 6c for additional details regarding student technology.

MICS Pathways of Communications

When comments, questions or concerns arise, please use the following chart to understand the appropriate channels of communication.

Grievance Policy for MICS Parents/Students

Purpose: To provide the procedures parents/students will follow when they have an issue at the School that constitutes a grievance.

This policy is in place to respond to parent/student or volunteer grievances (referred to as parent/student hereafter). It is expected that any parent/student with an issue will first try to resolve the issue by using open communication with those directly involved (see MICS Pathways of Communication). This means that if a parent/student disagrees with any policy or procedure within the classroom, the **first level** of grievance is with their student's Teacher; likewise, the first level of grievance of an athletic or Parent Teacher Organization (PTO) would be with the coach or PTO committee chair, respectively. If the parent/student is not satisfied with the teacher's response, they will then proceed to the **second level** of grievance by communicating the grievance as defined below to the grade-level principal and arranging a meeting with the grade-level Principal. At that meeting, the teacher, parent, student, and grade-level Principal must be present and the issue at hand will be fully discussed. If the parent/student disagrees with the outcome of the meeting with the grade-level Principal and/or has an issue with a policy or procedure at the School, they will proceed to the **third level** of grievance by communicating the grievance as defined below to the Executive Director and arranging a meeting with the Executive Director. If the parent/student feels that their issue is still a concern after meeting with the Executive Director and the issue meets the definition of a grievance set forth below, the parent/student may follow the grievance procedures as described below. Many issues that a parent/student has with a classroom matter, teacher or School will not rise to the Board of Directors level of a grievance and appropriate resolution will be found with the teacher, grade-level Principal, or Executive Director.

Definition of a grievance: a grievance is defined as a formal written complaint by a parent/student stating that a specific action has violated a School policy, board policy, or law/regulation and includes details of the action, such as place, date, and time of the violation. A complaint under Title IX is not grievance and this policy does not apply to such complaints. Please refer to the School's Title IX policies and procedures for Title IX matters (www.micharter.org). In addition, this procedure does not apply to complaints that fall under the School's Non-Title IX policies, including bullying and harassment. Please refer to the School's Non-Title IX Discrimination, Harassment, and Bullying complaint process for such matters (Appendix).

Time Limits: a grievance will only be heard by the Board of Directors if the complaint has been filed within fifteen business days of the meeting with the Executive Director. The fifteen-day deadline may be extended at the discretion of the Executive Director.

The grievance process is as follows:

Step 1: If the parties are not satisfied with the decision of the Executive Director, and the grievance meets the definition set forth above, the parent/student must submit a letter in writing stating the School policy, board policy, or law/regulation that was violated including details of the action, such as the place, date, and time of the violation. The parent/student should make all efforts to include any details about the event that may be helpful in the decision-making process. The written letter should be submitted to the Executive Director and to the Chair of the Board of Directors. If the Executive Director is implicated in the grievance, the grievance should only be submitted to the Chair of the Board of Directors.

Step 2: The Board will review the facts and notify the parties in writing (email accepted) if further action is necessary or if further information is needed. The Board reserves the right to appoint a committee to investigate any grievance, to appoint an investigator, or take any other action to investigate the grievance and issue a decision. If the Board considers the matter should be heard, the parties will be called to meet with the Board. After the hearing, any decision of the Board will be communicated to the Director and the parent/student who filed the grievance within five school days. If the board issues a decision without a hearing, the Board will communicate the decision to the Director and the parent/student who filed the grievance within five school days. The Board's decision concerning the grievance is final.

School Governance and Leadership

General Guidelines for Visitors and Parent Volunteers

The following are guidelines for visitors while they are in the building:

- All guests must sign in with a valid photo ID at the office upon arrival to the campus. This also applies to student sign-out.
- All guests must undergo a level 1 background check and wear a name badge. For security purposes, any guest on campus without a name badge will be escorted back to the office to obtain one.
- The distribution of literature or solicitation of any kind is not permitted.
- Prior to leaving the campus, guests must sign out in the office.
- Former students that withdrew from MICS or otherwise no longer attend MICS are not permitted to visit during school hours without prior written approval from the principal. Alumni, however, will be allowed to sign in under normal visitor procedures.

Volunteers

The school welcomes community support and volunteerism. Below are guidelines for volunteer opportunities such as classroom visits, special event activities, fundraisers, and field trips.

- All MICS volunteers must complete volunteer training and renew each year. Visit “Support MICS” at www.micharter.org for more information.
- All MICS volunteers are required to complete criminal background checks prior to volunteering.
- Volunteers must sign in at the office when entering the building and wear a name badge while volunteering.

MICS understands and agrees that it shall not employ, or accept voluntary services from, any individual whose certificate or license has been denied, suspended or revoked by the SBE or any other licensing board or agency on the grounds of unethical or immoral behavior, including improper sexual or physical conduct with children or students. Violation of this provision is grounds for revocation of the Charter.

Expectations for Adult Visitors While on Campus or Attending School-Sponsored Events (On or Off Campus)

- Visitors may not disrupt or attempt to interfere with the operation of a classroom or any other area of a school.
- Adult visitors must respect and not infringe upon obligations and time constraints of school staff and faculty.
- Only service animals as defined by ADA.gov (dogs and miniature horses that are individually trained to do work or perform tasks for people with disabilities) are permitted in all areas of campus where members of the general public are allowed.
 - A service animal must be under the control of its handler. In addition to other requirements outlined by the ADA, service animals must be harnessed, leashed, or tethered, unless the individual’s disability prevents using these devices or these devices interfere with the service animal’s safe, effective performance of tasks. In that case, the individual must maintain control of the animal through voice, signal, or other effective controls.
 - Animals whose sole function is to provide comfort, companionship, or emotional support do not qualify as service animals under the ADA.
 - Any other animals or pets are not permitted on or off campus, unless safely confined inside of a vehicle, without an exception granted by the appropriate school principal or Executive Director. For any scenarios not defined explicitly in this document, MICS will follow the ADA’s guidelines on special needs animals found here: https://www.ada.gov/service_animals_2010.htm

Disruptive behavior is any action that interferes with or may reasonably be expected to interfere with the normal, orderly operation of the school and/or school sponsored event, including but not limited to:

- Profane, lewd, obscene, abusive and/or slanderous/libelous language, gestures or other written or electronic communication;
- Rude or riotous noise;
- Disorderly or assaultive behavior;
- Vandalism or the defacement of public property;
- Overt or implied threats to the health or safety of others; and
- Any other conduct that violates any applicable law or school policies.

Anyone on school property or at a school-sponsored event (on or off campus) that displays disruptive behavior is subject to be directed to leave or otherwise removed from the school property or outside event property by a school administrator or other authorized school staff member at any time for any reason. If a visitor/volunteer violates these or other expectations/rules/laws/etc., they may have substantial restrictions or limitations placed on their access to any future campus visitation or school-sponsored events (on or off campus). Loitering on school property is prohibited.

Safety

Safety of the students, staff and visitors at MICS is extremely important. The following are some of the measures that will be in place to secure the MICS campus.

General Safety

1. All MICS employees must pass criminal background checks and drug tests.
2. Volunteers/visitors who may be in any unsupervised position with students will undergo further criminal background checks also, or otherwise will not be allowed to be placed in such roles (eg, coaches, tutors, chaperones).
3. Access to the campus and to our facilities is monitored.
4. All teachers/staff wear ID badges.
5. All visitors are required to check in at the office at the beginning and end of each visit.
6. Students are not permitted to receive visitors during the school day without prior approval except for parents/guardians.
7. Student drivers are not allowed to sit in their vehicles or linger in campus parking lots during school operating hours or in between class periods/lunch. Permission from the office must be obtained to access their vehicles during school operating hours to retrieve forgotten items.
8. For students wishing to bring a guest to a school event (eg, dances or socials), the guest must be pre-approved via the submission of the "Student Guest Approval Form". A new form must be completed for each event.
9. All medications are kept in a locked location in the school office and dispensed only as authorized.
10. Emergency supplies, including a first aid kit and other emergency needs, are kept in each classroom.
11. Access is granted to local health and fire department officials for inspection of the premises or operation of the school on a regular basis.

Safety Regulations

1. MICS is in full compliance with all federal, state, and local fire and safety regulations, including but not limited to conducting fire drills, tornado drills, lockdown drills, and other applicable drills.
2. All exits and stairways will be kept clear at all times to facilitate evacuation.
3. All emergency procedures and evacuation plans will be posted in each classroom. All procedures and plans will be consistently evaluated and refined.
4. All combustible and/or potentially harmful materials such as chemicals and cleaning supplies will be properly stored, maintained, and disposed of.
5. Because of our proximity to the McGuire nuclear power plant, proper nuclear emergency procedures are in place.
6. MICS does not condone students leaving campus in third-party car services, specifically, ridesharing services whose own policies explicitly prohibit minors from using them, such as Uber and Lyft. The school will not approve or otherwise facilitate any student to be picked up from school in a third-party car service, such as Uber or Lyft, and if encountered will turn away such ride sharing services from the school.

Immunization of Students

Mountain Island Charter School follows all state and federal laws regarding immunization requirements and exemptions. Immunization records or notice of exemption are required to be submitted by the 30th calendar day of school by the North Carolina Department of Health and Human Services. Failure to submit a required

immunization record or notice of exemption by the 30th calendar day of school will result in the student not being permitted to attend school until it is received.

Parents may view NC Health Department immunization requirements for students in Kindergarten, 7th grade, and 12th grades here - <https://immunization.dph.ncdhhs.gov/schools/k-12.htm>

Parents may view the recommended immunization schedules of the Centers for Disease Control and Prevention (CD) as follows:

1. For ages 0-6 years: <https://www.cdc.gov/vaccines/parents/downloads/parent-ver-sch-0-6yrs.pdf>
2. For ages 7-18 years: <https://www.cdc.gov/vaccines/schedules/downloads/teen/parent-version-schedule-7-18yrs.pdf>

North Carolina law provides for only two types of exemptions from required immunizations. These are medical and religious, as detailed below. If your child has a medical or religious exemption to this vaccine(s), you are required to provide documentation of this exemption(s).

N.C. G.S.130A-156 Medical Exemption – applies when it is certified that a required immunization is or may be detrimental to a person’s health due to the presence of one of the contraindications adopted by the Commission for Public Health. Under this exemption, the person is not required to receive the specified immunization under G.S. 130A-152, as long as the contraindication persists. The child may attend school or a child care facility with a copy of the Medical Exemption Statement Form (DHHS-3987).

N.C. G.S.130A-157 Religious Exemption – applies when the bona fide religious belief of the parent, guardian or person in loco parentis of a child are contrary to the immunization requirements contained in North Carolina law, the adult or the child shall be exempt from the requirements. Upon submission of a written statement of the bona fide religious beliefs and opposition to the immunization requirements, the child may attend school without presenting a certificate of immunization.

Medications

Prescription or over-the-counter medications cannot be dispensed by the school or brought to school without an approved written medical authorization form. These forms are available in the school office. Medications must be brought to school in their original container with a valid prescription label (if applicable). Students may not carry or otherwise have possession of medicine of any form, except inhalers or epinephrine injection devices (provided the authorization for student self-medication form is on file in the office), in their possession or in their lockers on campus. All medications must be turned in at the office and a designated staff member will administer medications provided all requirements are met. Administration of non-prescription medications at school is discouraged.

Tobacco Policy

MICS is a tobacco-free school. To this end, the use of any tobacco product, electronic cigarette, vapor pen, or similar device is prohibited on campus or during school events. This applies to anyone on campus, including faculty, parents, staff, and visitors.

General Information

Payment Options

MICS Parent Square or Invoice through QuickBooks: Parents will either be directed to make a payment through MICS Parent Square or will be invoiced through QuickBooks via email. Payments for merchandise purchased online in the Raptor Warehouse will continue to use Square Online payments.

Cash or Check Payment to Front Office: Place payment in a sealed envelope with student/teacher name(s) and reason for payment noted on the envelope. Teachers, coaches, or other school employees can pass along payments to the office, but only designated MICS employees should process cash and check payments.

When you provide a check as payment to MICS, you authorize the school either to use information from the check to make a one-time electronic fund transfer from your account or to process the payment as a check transaction. You authorize us to collect a fee (to the maximum allowed by the state) through an electronic fund transfer from your account if your payment is returned unpaid.

Always include the following on your check: Full Name, Address, Phone Number, and Child’s Name/Grade/Teacher (Homerom).

Donations and Donation-Based Fundraisers (eg, Raptor Run, 3D Dress Down Pass): Payments will be processed by MICS SOAR Foundation in order to uphold their responsibility to acknowledge donations for tax purposes. Checks for SOAR- sponsored events should be made out to the **MICS SOAR Foundation** and turned into the school front office.

Outside Programs Approved to Collect Payments (eg, PayPams lunch accounts): Payments should be made directly to these programs. Payments should not be sent to the front office unless directed to do so by an MICS employee.

MICS Fees and Collections

Fee Discounts: Children of employees and those on free and reduced lunch are entitled to 50% off participation fees for school sponsored sports and extracurricular activities for which they are eligible. These benefits do not stack. Free and reduced lunch fee discounts do not apply to business type activities (eg, before and after school care) or activities not directly sponsored by the school.

Library Fees: Students with overdue book(s) will have their book borrowing privileges revoked until they return or pay for their book(s). If a student has a book more than 2 weeks past the due date, parents will be notified. After 30 days past the due date, students must pay a **fine of \$7.50** and return the book (no fees are charged until the 30th day). After 60 days past the due date, the book is considered to be lost and parents/guardians will be charged the cost to replace the book in addition to a **fine of \$15**. If books are lost or damaged beyond repair, the student will have to pay the replacement cost of the book as determined by the school.

Late Balances: When outstanding balances are equal to at least one activity participation fee AND are 30 days or more past due, that student will no longer be eligible for participation in fee-based extracurricular activities until their account is in good standing, unless eligibility is granted for extenuating circumstances. Parents/guardians with student balances equal to at least one activity participation fee will be referred to an outside collection agency.

MICS Fundraisers: All school fundraisers benefit MICS and its student community and are all preapproved by school leadership and the Board of Directors before the start of school unless a special circumstance exists. Fundraising activities for personal/individual matters or outside charities at MICS are not permitted. Students are encouraged to support charitable causes outside of MICS through available service activities through the school as a part of our core values.

Personal Items

The school will not accept responsibility for the personal items of students, including electronic devices. Items brought to school or a school sponsored event that the school judges to be unsafe or inappropriate for school will be confiscated by school leadership and held in the office until the parent can retrieve them.

Student Lockers

Students may be provided a school locker and lock to secure their belongings per locker availability. For lockers in the C Building, students must use the lock purchased through the school, and the school reserves the right to remove any other type of lock that may be used on a locker. When warranted, the school reserves the right to inspect student lockers.

Breakfast and Lunch

MICS will provide a full breakfast and lunch service in conjunction with the National School Lunch Program. Students may also bring a nutritious lunch from home including a drink. Food delivery directly to students from vendors is not permitted.

Celebrations

In order to provide opportunities for celebrations while also maintaining continuity within the school day, all classroom celebrations must occur during a time deemed appropriate by faculty and/or school leadership. To ensure the safety of all students, parents and guardians may provide commercially prepared food items or prepackaged and washed fruits and vegetables for classroom/building food celebrations. In response to student allergies and health concerns, food/snacks may not be shared in the classroom, in the cafeteria or at other school events unless it is a pre-approved celebration. Ingredient lists must be provided to the teacher/event coordinator.

Extracurricular Clubs

Students in the high school may initiate an extracurricular student club provided that the club supports the general curriculum of the school and that the students have the support of a staff sponsor.

Field Trips

Whenever students are traveling away from school, they are subject to the same expectations and rules observed at MICS. As in the classroom, the teacher will judge acceptable or unacceptable behavior. Every facet of the Discipline Plan will be enforced on field trips just as it is in the classroom. Signed permission slips must be on file for each field trip.

We encourage parents to serve as chaperones. Should the supply for chaperones be greater than the demand of the venue, a lottery will be held. Chaperones are expected to serve in a supervisory capacity and are asked not to bring additional children on the trip. In some cases, additional parents may attend as participants. Parent participants would be responsible for their own transportation and fees. Please check with your child's teacher.

Multi-Day Field Trips

Learning at MICS goes beyond the classroom walls. Beginning in fifth grade these extended extracurricular field trips are designed to integrate and expand our core academic curriculum. These extended studies have as one of their goals to educate in a real environment with hands-on-learning. There are many other kinds of learning and growth in this program which include students developing independence within a nurturing framework, practicing social group living skills, activities that involve development of self and group awareness, and practicing good manners and behavior in new environments. These experiences provide valuable life-learning opportunities and help to bond students and build positive memories.

Enrichment Programs

Fee-based after school enrichment opportunities (music lessons, etc) and summer camps will also be offered by our Enrichment program. Details are posted on the MICS website as these programs are available.

Early Graduation

Graduation before one’s class may be permitted on the basis of earning all required academic credits and upon recommendation by the principal. High school students seeking early graduation must declare this intent to the high school counselor prior to course registration for their last year of high school.

Making Progress Towards a High School Diploma

Middle and High School students are considered to meet MICS promotion standards by passing all courses required for promotion to the subsequent grade level. Should a student fail to have a passing grade average for a year-long required course at the conclusion of the first semester, the student will be placed on academic probation for the third quarter. A student on academic probation will be considered as meeting MICS promotion standards for the duration of the third quarter; however, if at the end of the third quarter a student on academic probation does not have a passing overall grade average for any course required for promotion, the student no longer meets promotion standards.

Family Educational Rights and Privacy Act (FERPA) and Individuals with Disabilities Education Act (IDEA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. p 1232g; 34 CFR part 99) is a Federal Law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

1. Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
2. Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

3. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties under the following conditions (34 CFR p 99.31):
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies on behalf of the school;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies, and;
 - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, and date of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, Parent/Student Handbook, or newspaper article) is left to the discretion of each school.

Americans with Disabilities Act—TITLE II

Mountain Island Charter School does not discriminate against any person on the basis of disability in admission or access to the programs, services, or activities of the school, in the treatment of individuals with disabilities, or any aspect of operations. The school does not discriminate on the basis of disability in its hiring or employment practices. This notice is provided as required by Title II of the Americans With Disabilities Act (ADA) of 1990 and Section 504 of the Rehabilitation Act of 1973. Questions regarding the ADA and Section 504 may be forwarded to the school office.

Protection of Pupil Rights Amendment (PPRA) 20 U.S.C. § 1232h

Mountain Island Charter School complies with the PPRA (20 U.S.C. § 1232h, 34 CFR Part 98), which affords parents of students certain rights regarding, among other things, participation in surveys, the collection and use of information for marketing purposes, and certain physical exams. For additional information regarding student surveys, see also "Parental rights to opt-in to protected information surveys" in the Parents' Bill of Rights Compliance Policies (Appendix).

Bullying

Includes, but is not limited to, any pattern of gestures or written, electronic, or verbal communications, or any physical act or any threatening communication, that takes place on school property, at any school-sponsored function, or on a school bus, and that:

- (1) Places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property; or
- (2) Creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities, or benefits. For purposes of this section, "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior.

Bullying or harassing behavior includes, but is not limited to, acts reasonably perceived as being motivated by any actual or perceived differentiating characteristic, such as race, color, religion, ancestry, national origin, gender, socioeconomic status, academic status, gender identity, physical appearance, sexual orientation, or mental, physical, developmental, or sensory disability, or by association with a person who has or is perceived to have one or more of these characteristics. (From N.C.G.S. § 115C-407.15).

Bullying also includes cyber-bullying as defined by N.C.G.S § 14-458.1.

If an allegation of bullying is made, procedures outlined in the Non-Title IX Discrimination, Harassment, and Bullying Complaint Process (Appendix) will be followed

Non-Discrimination Policy

With respect to the services provided to our student population and staff, no person shall be discriminated against in any education program, activity, or other related service based on race, color, religion, gender, sex, age, national origin, or disability.

Health and Wellness

In accordance with NCGS 115C-218.75. (a), the school provides students and families with information related to student health and well-being with regards to meningococcal meningitis, influenza, cervical cancer/dysplasia, human papillomavirus, preterm birth in subsequent pregnancies, and lawful abandonment of a newborn baby. This information is contained on the "Health and Wellness" page under "Parent Resources" on the school website.

Homeless Assistance Act (McKinney-Vento)

In 2015, Congress reauthorized the McKinney-Vento Homeless Assistance Act to help people experiencing homelessness. The federal law includes the Education of Homeless Children and Youth Program that entitles children who lack a fixed, regular, and adequate nighttime residence to a free, appropriate education and requires schools to remove barriers to their attendance and success in school.

If you or someone you know is in transition and would like to speak with someone about the program, please contact the McKinney-Vento Liaison or your school counselor.

Examples of living situations that may qualify are:

- Living with a friend, relative or other person
- Hotel or motel
- Shelter or transitional housing
- Car, park, or other public place
- Campground, storage unit, abandoned building, or other inadequate home
- Youth living on their own, runaway youth

The living situations above do not include all situations that may qualify.

Access to Programs & Services: Students will have access to the same programs and services that are available to all other students, including:

- Transportation
- Supplemental educational services
- Child Nutrition
- All eligible McKinney-Vento students will receive free meal benefits. There is no Free & Reduced Application required.

Visit the school website for information on Parent and Student rights.

Dispute Process: If the parent/guardian/youth disagree on the McKinney-Vento eligibility, a process is in place to appeal the decision.

Please refer to the liaison for the MICS Dispute Process guidelines.

Physical education classes: Students must wear athletic clothing and athletic shoes. Athletic clothing must follow all applicable dress code guidelines, except for requirements related to length, color, and brand names/logos. Length of athletic shorts must be appropriate for the physical education learning environment.

Field trips are an extension of the regular school day; all regular dress code guidelines apply unless designated otherwise.

Game day attire: All student-athletes are required to wear professional attire as directed by the athletic department for the entire school day until entry into the locker room to change for the game. Any student not meeting this expectation is rendered ineligible for that day’s game.

Spirit days will occur on the last school day of the week, as well as on other designated days. All students are encouraged to wear official MICS spirit shirts or shirts from MICS-approved spirit packs. Elementary and middle school students who purchase a dress down pass may wear denim shorts, skirts/skorts or pants. "Denim" refers to pants commonly known as “jeans”, crafted from a sturdy cotton twill fabric with diagonal ribbing, which typically feature an exterior back pocket design, with two front pockets and two back pockets. Middle school students who purchase a dress down pass may also wear athletic pants and shorts provided by the Raptor Wearhouse, MICS-approved spirit packs, or an MICS athletic team AND have an official MICS logo or official MICS team logo. Also, students may not be permitted to return to class until they are wearing clothes that meet dress code. Administration may interpret and/or make changes to this policy as fashion trends change and unique situations arise.

Mountain Island Charter School Discipline Plan 2024-2025

Discipline Philosophy

We view discipline as a means of promoting positive character by establishing trust, respect, and productive relationships that help maintain a community of strong communicators, courageous problem solvers, and responsible citizens. In our discipline program, we strive for the full cooperation of all students, parents, teachers and school leadership, where everyone involved supports and embraces the actions necessary to maintain a culture that embodies the MICS Mission Statement & Core Values.

School Leadership Commitment: School leadership will model, promote, and inspire others to support and embrace this philosophy by demonstrating respect for students, parents, teachers, and community members through the way they lead, relate, and communicate, while supporting teachers as they work to fulfill their commitment of establishing a culture of respect.

Teacher Commitment: Teachers will model, promote, and inspire others to support and embrace this philosophy by establishing a respectful environment where each child has a positive relationship with a caring adult, where a student is treated as an individual, and where teachers work collaboratively with all parties involved highlighting the positive in each student and holding them accountable in a fair, productive manner when expectations are not being met.

Student Commitment: Students will model, promote, and inspire others to support and embrace this philosophy by following school-wide and classroom expectations at all times in action and in attitude, addressing and/or reporting behaviors that are unsafe or disrespectful to themselves or others, accepting responsibility for their actions, taking steps to resolve the issue, and when necessary, accepting consequences for failing to meet expectations.

Parent Commitment: Parents will model, promote, and inspire others to support and embrace this philosophy by reinforcing school-wide and classroom expectations at home and by supporting staff members through communication and collaboration, helping to identify, address, and overcome any obstacles in the process.

Other Considerations Regarding the Discipline Plan

It is not possible for any disciplinary policy or code to list every potential misconduct. School's Discipline Plan sets parameters for addressing inappropriate student behavior, but the school can and will impose consequences for misconduct that is not listed. School is not required to engage in progressive discipline. Some offenses, and the context in which they might occur, could call for the immediate imposition of more severe consequences such as disciplinary reassignment, long-term suspension or expulsion. School follows North Carolina and federal law in imposing disciplinary consequences.

The infractions listed in the **Response Plan for Acts of Misconduct at the School Leadership Level** are not exhaustive, and any related or comparable infraction not specifically listed in the plan will be handled in a similar way as outlined above.

The consequences in the discipline plan are **recommended responses** and may be adjusted after considering the student and the situation, including the age of the student, the severity of the infraction, the frequency of the infraction, the student's disability, and/or the student's discipline history from the current school year and previous school years. See following page for additional information related to students protected by law under IDEA and in conjunction with NCGS Chapter 115C - Article 27.

Due to scope and impact, infractions that include the use of **social media** or other means of **display/dissemination** may receive an increased consequence.

The school may remove the eligibility for any/all after school and extracurricular field trips and activities for students who have been assigned consequences at **Level II or higher** for infractions in **any category, suspended from school for 3 days of accrued suspensions (ISS/OSS) during the school year, OR suspended for a single aggressive/violent incident.**

Athletes who are suspended from school for 3 days of accrued suspensions (ISS/OSS) during the school year or who have been suspended for a single aggressive/violent incident will no longer meet eligibility requirements and will be rendered ineligible for participation in athletics. See "Athletics at MICS" in the Appendix for more information.

Any incidents involving property damage, destruction, or loss may require **financial restitution** by the student.

In accordance with state law, a school must report the following acts to **law enforcement**: "...assault involving serious personal injury, sexual assault, sexual offense, rape, kidnapping, indecent liberties with a minor, assault involving the use of a weapon, possession of a firearm in violation of the law, possession of a weapon in violation of the law or possession of a controlled substance in violation of the law. NCGS Chapter 115C-288 (g).

When a student uses reasonable force for the purpose of preserving physical safety, this is considered **self-defense**. Self-defense is justified when and to the extent that the person reasonably believes that the conduct is necessary to defend himself or herself or another against the other's imminent use of force. School leadership will determine reasonability of actions described as self-defense and administer any applicable disciplinary consequences accordingly.

Suspended students (ISS/OSS) are prohibited from attending after school or evening activities on days when they are suspended as well as on non-school days and weekends that occur during the suspension period. Suspended students are not eligible to receive a refund for pre-paid events that occur during their suspension period. They are permitted to return to regular school activities at the beginning of the first school day following the suspension and are eligible to begin attending school-related activities on that day. Dates of suspension are non-negotiable and are assigned to occur as close to the date of the infraction as possible, as determined by school leadership. Suspended students must complete homework and class work assignments in the allotted time frame they are given. Any work not completed in the allotted time frame will be recorded in the teacher grade book as 0's. Students on Short Term Suspension (OSS) are not permitted on school campus.

Disciplinary Reassignment involves the decision to permanently remove a student from this school due to extreme non-compliance with school expectations/rules. A student that has been reassigned from Mountain Island Charter School is prohibited from participation in future on-campus events and is prohibited from re enrolling in the school. Any student eligible for disciplinary reassignment may also be eligible for long-term suspension and/or expulsion as well as due process. NCGS 115C-218.60

Students may receive consequences for **an infraction that occurs off *school grounds** if the infraction has or is reasonably likely to have a direct and/or immediate impact on the orderly, efficient operation of the school or the safety/well-being of individuals in the school environment.

Safe Harbor: A student on *school grounds who inadvertently possesses or finds a weapon, illegal substance, stolen property, or any other object prohibited by the MICS Discipline Plan shall immediately notify school staff and surrender the object prior to the discovery by another person. A student may approach a school staff member and voluntarily surrender the object without being subjected to discipline.

By law, a student may be **suspended for up to 365 days** if he/she brings a firearm or destructive device onto *school grounds.

In accordance with state law, a school must report the following acts to the **Department of Motor Vehicles:** possession or sale of alcoholic beverages or illegal controlled substances; bringing, possessing or using a weapon or firearm on *school grounds; and physical assault on school staff when such conduct results in a suspension that exceeds 10 days or when the student is assigned to an alternative educational setting.

Due Process for Short Term Suspension(OSS):

1. Upon receiving a report of a potential occurrence of any of the above violations, school administration will begin an investigation. An investigation may include interviewing witnesses, reviewing camera footage, speaking with staff members, and a search of a student, a student's locker, or a student's belongings. Refusal to permit the search will result in the assignment of consequences that are commensurate with the suspected violation. Administration will speak with the student and give the student an opportunity to deny or explain the violation.

2. Upon completion of the investigation, school administration will determine if the preponderance of the evidence weighs in favor of the violation occurring. This means that it is more likely than not that the student committed the violation. If that is the conclusion, the student will be notified of the consequence of the violation as long as notification of the student does not pose a risk to the safety and security of other individuals on campus. If the violation is an offense which requires a report to law enforcement, the appropriate agency will be notified.

3. The school administrator will make a reasonable attempt to contact the student's parent or guardian by telephone to communicate the results of the investigation and the assigned consequences. The Administration shall also notify the parent or guardian in writing that the student has been suspended from school. The administrator shall provide a description of the incident or incidents that resulted in the suspension, and may offer the opportunity for an immediate informal conference with the principal.

4. There is no appeal of an out of school suspension that is 10 days or less to the Executive Director or the School's Board of Directors. (NCGS § 115C-390.5. and § 115C-390.6)

5. If a student is determined to have committed a violation for which the possible consequence is exclusion or long-term suspension, the school principal will follow the procedures outlined in the section below.

Due Process for Long-Term Suspension and/or Expulsion: the School will follow the requirements set forth in North Carolina's General Statutes and any other applicable laws including but not limited to NCGS 115C-390.7, 115C-390.8, 115C-390.11

***School grounds** includes, but is not limited to, the main campus grounds and buildings, bus stops, buses, or vehicles used for school activities and the grounds and buildings of all school-sponsored curricular or extracurricular activities occurring off campus.

Discipline of Students with a Disability

The obligation and the responsibility to attend school regularly and to comply with the school's code of conduct applies to all students. When appropriate, a principal or designee may discipline a student with a disability who has not complied with the school's code of conduct. Exceptional Children's education services will be provided to a student with a disability if the student has been removed from school for more than ten school days. If a student with a disability is removed for less than ten cumulative days, educational services will be provided only if such services are provided to students without disabilities who have been similarly removed. The school will follow all applicable state and federal laws when disciplining students with disabilities.

Students identified with a disability under the Individuals with Disabilities Education Act or suspected of having a disability, are bound by the Mountain Island Charter School Discipline Policy. School leadership will follow all federal and state laws and regulations regarding the discipline of students with a disability.

Out of school suspension—the temporary removal of a student from the school setting where services are delivered for any part of the school day. Any time a student is denied access to any part of the educational services, regardless of the time of day, it is counted as one day of out of school suspension. Short-term removal of less than 10 school days is not a change in placement. Depending on the circumstances, cumulative suspensions in the same school year totaling more than ten days could trigger the manifestation determination process.

Long-Term Suspension—a removal from the school setting where services are delivered for any part of the school day for more than 10 school days. If a student with an IEP is recommended for a long-term suspension, a manifestation determination meeting must be held to determine if the behavior was a manifestation of the student's disability.

Manifestation determination—The North Carolina Department of Education requires that the LEA, the parent, and relevant members of the child's IEP team, must meet within 10 school days of any decision to change the placement of a child with a disability. If the committee determines that the behavior was not a manifestation of the student's disability and leads to a long-term suspension for regular education students who exhibit the same behavior, a student with a disability may be given a long-term suspension. Because the student is still entitled to a free and appropriate education under IDEA, Mountain Island Charter School is responsible for providing services so that the student continues to participate in the general education curriculum and to progress toward meeting the goals set out in the student's IEP.

When a student is recommended for suspension for more than 10 days (cumulative or consecutive) and the behavior was NOT a manifestation of the disability, school leadership will follow normal disciplinary procedures.

Exceptions to the above in the event the behavior does meet criteria for manifestation:

The school may remove the student to an interim alternative educational setting (IAES) for up to 45 days without regard to whether the behavior is determined to be a manifestation of the child's disability when:

- (1) The child carries a weapon to or possesses a weapon at school or to a school function (does not include a pocket-knife with a blade less than 2 ½ inches in length), or
- (2) The child knowingly possesses or uses illegal drugs or sells or solicits the sale of controlled substance while at school or a school function (not cigarettes or alcohol), or
- (3) The child has inflicted serious bodily injury (injury that involves substantial risk of death; extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty) upon another person while at school or a school function.

An IAES must be selected by the student's IEP team and must enable the student to continue to participate in the general curriculum and to receive the services and modifications in the current IEP so that he or she can make progress toward meeting goals in the IEP. The IAES must address behavior issues and create a transition plan. Placement in an IAES can last for no more than forty-five (45) days (if the IAES is result of removal because of drugs, weapons or serious bodily injury), unless the extension is reviewed and renewed by a hearing officer.

-As with the MICS Discipline Plan, the consequences above are recommended responses that may be adjusted after considering the student and the situation (including, but not limited to, the age of the student, the severity of the infraction, the frequency of the infraction, the student's disability, and/or the student's discipline history from the current school year and previous school years).

Athletics at MICS

Eligibility

1. Academic

In accordance with the guidelines of the North Carolina High School Athletic Association (NCHSAA), middle and high school students must be in good academic standing to be eligible to participate in interscholastic athletics.

- a. Good academic standing is defined by the NCHSAA as
 - i. Passing at least 70% of the courses taken in the preceding semester. The semester is normally considered half of the academic year. For example, if a student is taking six classes, the student must be passing at least five of the six classes.
 - ii. According to the membership entity's standards, the student is on track to advance to the next grade level or graduate within the next calendar year. Middle and high school students are considered to meet MICS promotion standards by passing all courses required for promotion to the subsequent grade level.
- b. Probation
 - i. Should a student fail to have a passing grade average for a year-long required course at the conclusion of the second quarter, the student will be placed on academic probation for the third quarter.
 - ii. A student on academic probation will be considered as meeting MICS promotion standards for the duration of the third quarter; however, if at the end of the third quarter a student on academic probation does not have a passing overall grade average for any course required for promotion, the student no longer meets promotion standards and therefore is ineligible to participate in athletics.

2. Disciplinary

- a. School-assigned consequences for disciplinary infractions must be served as assigned, even if this causes a student to miss an athletic event.
- b. Athletes who are suspended from school for 3 days of accrued suspensions (ISS/OSS) during the school year or who have been suspended for a single aggressive/violent incident will no longer meet eligibility requirements and will be rendered ineligible for participation in athletics. Upon reaching 3 days of accrued suspensions or upon a single aggressive/violent incident, a student may be placed on a disciplinary probationary period, at the conclusion of which athletic eligibility may be restored provided that the student has not committed additional suspendable disciplinary infractions during the probationary period. The duration of the probationary period is determined by the school principal and, after consideration of the student and situation, may be reduced for a student that completes school-based remediation related to the disciplinary infraction. Should a student that has regained eligibility after the conclusion of a probationary period incur any additional suspension during the remainder of the school year, he/she will lose eligibility for the remainder of the school year.
- c. A student athlete that commits an infraction at or comparable to level 9 or level 10 of the MICS Discipline Plan may lose athletic eligibility up to and including the duration of his/her enrollment at MICS.
- d. School administration maintains the right to suspend or remove an athlete from the team if necessary. Athletes suspended from school may be ineligible to participate in MICS sports for the entire year.

Try Out/Cut Policy

All sports will have limited and fixed rosters. All students must complete a tryout in order to be eligible for a position on a team. Tryouts are competitive and are assessed utilizing a skill-based rubric.

Levels of Competition

Middle school teams may only consist of students in 6th to 8th grades. No student may be eligible to participate at the middle school level for a period lasting longer than six (6) consecutive semesters, beginning with the student's entry into sixth grade. Middle school football is limited to only 7th and 8th grade students by NC policy.

Physicals and Liability Waivers

All athletes must have a completed liability waiver/Parent Consent/Physical on file with the Athletic Director/Athletic Trainer at MICS before they practice. The physical is valid for 395 days and must be current until

the end of a specific sport season. Students may NOT participate in athletic activities without an updated/current physical exam and liability waiver, including summer workouts. Pre-Participation Form (Physical Examination Form)

Participating in Two or More Sports

Middle and high school students are eligible to participate in multiple sports in the same season. See the MICS Multi-Sport Participation Policy in “Forms and Documents” under “Athletics” at www.micharter.org and contact the Athletic Director regarding the development of a multi-sport plan.

Expectations of Student Athletes

1. Student athletes will follow advertised practice and competition schedules. Additionally, student-athletes officially on a team roster are expected to complete the sports season. Failure to meet these expectations may result in limitations on athletic participation including but not limited to loss of eligibility for the subsequent sports season. Medical exemptions may require a letter from a physician.
2. All student athletes are required to wear professional attire on game days as directed by the athletic department for the entire school day until entry into the locker room to change for the game. Any student not meeting this expectation may be rendered ineligible for that day’s game.
3. In the case of unexcused absences, athletes must be present for at least three periods of the school day in order to participate in a sporting event (practice or game) that afternoon/evening.
4. Student athletes must leave campus and return if practice or game times are not immediately after school UNLESS the student stays on campus for monitored study halls or scheduled/monitored team pre-game activities.
5. For team-level infractions (see Teacher-Level Infractions in Discipline Plan), consequences will be adjudicated by the coach, up to and including potential loss of playing time.
6. Conducting student-led team meetings to discuss non-athletic issues and/or individual students is expressly prohibited.

Expectations of Parents/Guardians of Student Athletes

1. Ensure that student athletes have on-time transportation to and from all practices and games. Although bus transportation may be provided, that transportation may only be one-way. Bus drivers should not be expected to stay late for students to be dropped off or picked up.
2. Follow chain of communication guidelines set forth in the Parent/Student Handbook (eg, student/parent, coach, Athletic Director), schedule communication away from game times, and adhere to any closed practice guidelines.
3. Volunteer for sideline, admission, or concession needs at games. The number of times a parent/guardian is expected to volunteer depends on team size and volunteer needs, but will always allow several games for parents to simply be spectators/fans. Student participation in extracurricular activities is not possible without parent/guardian assistance.
4. Follow expectations for all visitors attending school-sponsored events on or off campus (see page 9)

Dressing/Locker Rooms

Only IN-SEASON teams are allowed to use the Athletic Lockers. Athletic department staff will supervise their dressing facilities. Custodians are expected to clean dressing rooms daily, but are not expected to pick-up equipment and clothing left nor trash not in receptacles left behind by athletes. Students are not permitted to wear cleats inside the buildings or walk across the gym floor. Athletes are encouraged to secure all valuables. The athletic department will not be responsible for lost or stolen personal belongings. To protect student safety, phones/cameras are never to be used in locker rooms.

Athletic Training

The athletic department will provide a certified Athletic Trainer to provide training regarding student safety and well-being, to deliver care as needed by athletes, and to assist in determining a child’s readiness for athletic activity. In accordance with Atrium Health policy guidelines, students requesting recurring treatment must submit a signed physical copy of the Student Athlete Request for Treatment form. Athletes are offered a wide variety of services (prevention and treatment) to help meet the demands of athletic competition. Trainers may work with coaches, parents, or outside physicians to determine whether injuries should limit or delay student activity in practices or games. MICS follows the guidelines in the Gfeller-Waller Concussion Awareness act regarding concussion protocol.

The following are guidelines to follow when using the athletic training room:

1. Do not enter without an athletic trainer, coach, or athletic training student aid.
2. Only athletes being treated are allowed in the athletic training room.
3. Do not attempt to treat yourself.
4. Wear appropriate clothing to and from the athletic training room.
5. Do not use or remove any supplies without permission.

Athletics and After School Meals

The athletic department will not provide funds to purchase pre-game meals, post-game meals, or overnight accommodations unless covered by the NCHSAA or prior approval is granted from the Athletic Director and principal. Team parents can be organized to help with pre-game meals for the season. In the event that team meals are facilitated by parents, the families of any participating student will be expected to contribute.

Transportation

A valid Volunteer Driver Pledge Card, clear background check, and copies of driver's license and valid insurance card are needed in order to drive student athletes to games. Players are permitted to ride home with their parents provided the coach is informed by the player and/or parent. Parents must give permission for their child to ride with other parents. Students are only permitted to drive other students when the driver is legally licensed and both sets of parents/guardians have provided permission to the coaching staff of this agreed upon arrangement.

Inclement Weather

On the first day schools are closed due to inclement weather conditions, all school activities shall be suspended. This rule applies to all games, practices, rehearsals, etc.

Game Postponement/Rescheduling

The Athletic Director shall handle all games postponed because of inclement weather or other extenuating circumstances. Postponed conference games must be played the next available playing date and at the discretion of the home team. If a Saturday date is selected, both teams must agree to play on that date. Once the opponents have been contacted and the contest has been rescheduled, the following shall be notified immediately:

- School Leadership
- Athletic Director
- Booking Agent
- Announcement to athletes and student body, media, police, volunteers, announcer, and Athletic Trainers

Financial Obligations

Participation fee payment and late policies are set forth in the MICS financial policies mentioned above in pages 12-13. Also, all athletes are required to replace lost uniforms or damaged equipment either by payment or with the equivalent of the lost article. Athletes are responsible for clearing all obligations with their coaches before participating or practicing with another sport (good standing).

MICS Raptor Boosters

The MICS Boosters is a part of our parent organization that assists the school and specifically the athletic department in providing the resources necessary to operate and manage our games and events, to help provide a great playing experience for our student athletes and to develop a positive fan atmosphere so that students, parents, faculty, and staff have an enjoyable experience while supporting the athletics program. Non-Title IX Discrimination, Harassment, and Bullying Complaint Process

Equal Education Opportunities

No student or school employee shall be subjected to bullying or harassing behavior by school employees or students. Bullying or harassing behavior is a pattern of gestures or written, electronic, or verbal communications, or any physical act or any threatening communication, that takes place on school property, at any school-sponsored function, or on a school bus, that places a student or school employee in actual and reasonable fear of harm to their person or damage to their property or creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities, or benefits. Bullying or harassing behavior includes, but is not limited to, acts reasonably perceived as being motivated by any actual or perceived differentiating characteristic, such as race, color, religion, ancestry, national origin, gender, socioeconomic status, academic status, gender identity, physical appearance, sexual orientation, or mental, physical, developmental, or sensory disability.

THE SCHOOL takes seriously all complaints of discrimination, harassment, and bullying. The process provided in this policy is designed for those individuals who believe that they may have been discriminated against unlawfully, bullied, or harassed in violation of the SCHOOL's Equal Education Opportunities Policy. Individuals who have witnessed or have reliable information that another person has been subject to unlawful discrimination, harassment, or bullying also should report such violations in the manner provided in this policy. Reports may be made anonymously and reports do not need to be made in a particular format or on a particular form. This policy applies to all discrimination, harassment or bullying on the basis of race (including Title VI), disability (including Section 504), nationality, religious affiliation or any other protected class.

This policy does not apply where an individual seeks to assert allegations regarding or related to the identification, evaluation, educational placement, or free appropriate public education of a student under Section 504 or the IDEA, such allegations may be raised through the procedures governing such matters. This Policy also does not apply to Title IX complaints, behavior falling within Title IX or Title VII complaints. Please refer to the SCHOOL's Title IX policies for Title IX and VII matters.

If you have any questions as to what complaint process to use to address your concern, please contact the Executive Director or Title IX Coordinator, who will direct you to the proper process.

A. Reporting by Employees or Other Third Parties

1. Mandatory Reporting by THE SCHOOL Employees

Any employee who witnessed or who has reliable information or reason to believe that an individual may have been discriminated against, harassed, or bullied in violation of THE SCHOOL Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy must report the offense immediately to an appropriate individual designated in subsection B.1., below. An employee who does not promptly report possible discrimination, harassment, or bullying shall be subject to disciplinary action.

2. Reporting by Other Third Parties

All members of the SCHOOL community including students, parents, volunteers, and visitors are also strongly encouraged to report any act that may constitute an incident of discrimination, harassment, or bullying.

3. Anonymous Reporting

Reports of discrimination, harassment, or bullying may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report.

4. Investigation of Reports

Reports of discrimination, harassment, or bullying under this policy will be investigated sufficiently to determine whether further action under this policy or otherwise is necessary, and THE SCHOOL officials shall take such action as appropriate under the circumstances. At the option of the alleged victim, the report may be treated as a complaint by the alleged victim under this policy.

B. Complaints Brought by Alleged Victims of Discrimination, Harassment, or Bullying

1. Filing a Complaint

Any individual who believes that he or she has been discriminated against, harassed, or bullied in violation of the SCHOOL's Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy is strongly encouraged to file a complaint orally or in writing to the following individuals as applicable:

- a. a SCHOOL counselor, teacher, assistant principal, principal or Executive Director of the SCHOOL for any claim of discrimination, harassment or bullying, including Title VI complaints;
- d. the Title IX coordinator for claims of sex discrimination or sexual harassment;
- c. the Section 504 coordinator or the ADA coordinator for claims of discrimination on the basis of a disability; or
- d. any member of the Board if the alleged perpetrator is the Executive Director.

2. Time Period for Filing a Complaint

A complaint should be filed as soon as possible but no later than 30 days after disclosure or discovery of the facts giving rise to the complaint. Complaints submitted after the 30-day period may be investigated at the discretion of THE SCHOOL officials and outside the formal process described in Section C of this policy; however, individuals should recognize that delays in reporting may significantly impair the ability of THE SCHOOL officials to investigate and respond to such complaints.

3. Informal Resolution

The SCHOOL acknowledges that many complaints may be addressed informally through such methods as conferences or mediation. The SCHOOL encourages the use of informal procedures such as mediation to the extent possible; however, mediation or other informal procedures will not be used to resolve complaints alleging sexual assault or sexual violence or complaints by a student of sexual harassment perpetrated by an employee. Informal procedures may be used only if the parties involved voluntarily agree. Any informal process should be completed within a reasonable period of time, not to exceed 30 days unless special circumstances necessitate more time.

C. Process for Addressing Complaints of Alleged Incidents of Discrimination, Harassment, or Bullying

1. Initiating the Investigation

- a. Whoever receives a complaint of discrimination, harassment, or bullying pursuant to subsection B.1. shall immediately notify the Executive Director who shall designate an individual to conduct an investigation and respond to the complaint, such individual may be a THE SCHOOL employee or outside consultant.
- b. As applicable, the investigator shall immediately notify the Title IX , or other relevant coordinator of the complaint, and, as appropriate, may designate the coordinator to conduct the investigation.
- c. The investigator shall explain the process of the investigation to the complainant and the alleged perpetrator.
- d. Written documentation of all formal reports and complaints, as well as the SCHOOL system's response, must be maintained in accordance with the SCHOOL's Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy.
- e. Failure to report, investigate, and/or address claims of discrimination, harassment, or bullying may result in disciplinary action.

2. Conducting the Investigation

- a. The investigator is responsible for determining whether the alleged act(s) constitutes a violation of the Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy. In so doing, the investigator shall impartially, promptly, and thoroughly investigate the complaint. The investigator shall interview (1) the complainant; (2) the alleged perpetrator(s); (3) individuals identified as witnesses by the complainant or alleged perpetrator(s); and (4) any other individuals, including other possible victims, deemed likely to have relevant information. The alleged perpetrator shall be notified of the general nature of the allegations. The investigation will include a review of all evidence presented by the complainant and/or alleged perpetrator.

If the investigator, after receipt of the complaint, an interview with the complainant, and consultation with the board attorney, determines that the allegations submitted, even if factual, do not constitute discrimination, harassment, or bullying as defined in THE SCHOOL's Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy, the matter will be treated outside the scope of this policy. Information regarding the investigator's determination and the process for addressing the complaint will be provided to the complainant.

- b. The complaint and investigation will be kept confidential to the extent possible. Information may be shared only with individuals who need the information in order to investigate and address the complaint appropriately and those with a legal right to access the information. Any requests by the complainant for further confidentiality will be evaluated within the context of the legal responsibilities of the SCHOOL system.

c. The investigator shall review the factual information gathered through the investigation to determine whether, based on a preponderance of the evidence, the alleged conduct constitutes discrimination, harassment, or bullying, giving consideration to all factual information, the context in which the alleged incidents occurred, the age, and maturity of the complainant and alleged perpetrator(s), and any other relevant circumstances.

3. Notice to Complainant and Alleged Perpetrator

a. The investigator shall provide written notification to the complainant of the results of the investigation within 15 days of receiving the complaint, unless additional time is necessary to conduct an impartial, thorough investigation. The investigator shall specify whether the complaint was substantiated and, if so, shall also specify:

- 1) reasonable, timely, age-appropriate, corrective action intended to end the discrimination, harassment, or bullying, and prevent it from recurring;
- 2) as needed, reasonable steps to address the effects of the discrimination, harassment, or bullying on the complainant; and
- 3) as needed, reasonable steps to protect the complainant from retaliation as a result of communicating the complaint.

b. Information regarding specific disciplinary action imposed on the alleged perpetrator(s) will not be given to the complainant unless the information relates directly to the complainant (e.g., an order requiring the perpetrator not to have contact with the complainant).

c. If the investigator determines that the complaint was substantiated, the perpetrator(s) shall be subject to discipline or other corrective steps, as set forth in THE SCHOOL policy. If the corrective steps involve actions outside the scope of the investigator's authority, the Executive Director or designee will be notified so that responsibility for taking the corrective steps may be delegated to the appropriate individual.

d. The alleged perpetrator will be provided with a written summary of the results of the investigation in regard to whether the complaint was substantiated, whether the alleged perpetrator violated relevant law or THE SCHOOL policies by his or her actions, and what, if any, disciplinary actions or consequences may be imposed upon the perpetrator in accordance with THE SCHOOL policy. The perpetrator may appeal any disciplinary action or consequence in accordance with any THE SCHOOL's policy governing disciplinary action. However, an appeal by the perpetrator of disciplinary action does not preclude THE SCHOOL officials from taking appropriate action to address the discrimination, harassment, or bullying.

4. Appeal

a. If the complainant is dissatisfied with the results of the investigation, he or she may appeal the decision to the Executive Director. The appeal must be submitted in writing within ten days of receiving the notice of the results of the investigation. The appeal must state with particularity whether the complainant is appealing (1) the investigator's determination of whether the alleged conduct constitutes discrimination, harassment, or bullying in violation of the SCHOOL's Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy, or (2) the SCHOOL's response to any violation, including the appropriateness of any remedial measures taken by the SCHOOL. If the complainant is appealing pursuant to option (2), he or she must state what additional measures the complainant believes should have been taken by the SCHOOL. The Executive Director or designee may review the documents, conduct any further investigation necessary, or take any other steps the Executive Director or designee determines to be appropriate in order to respond to the complaint. The Executive Director or designee shall provide a written response within 10 days after receiving the appeal, unless further investigation is needed. The Executive Director's decision is final.

b. If the alleged perpetrator is the Executive Director or the Executive Director declines to hear the appeal and refers it to the Board of Directors, the complainant may appeal the decision in writing within ten days of receipt directly to the Board of Directors. The appeal must state with particularity whether the complainant is appealing the Executive Director's decision with regard to (1) the investigator's determination of whether the alleged conduct constitutes discrimination, harassment, or bullying in violation of THE SCHOOL's Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy, or (2) the SCHOOL's response to any violation, including the appropriateness of any remedial measures taken by the SCHOOL. If the complainant is appealing pursuant to option (2), he or she must state what additional measures the complainant believes the SCHOOL should have taken. Upon receipt of the appeal, the Board Chair shall appoint a panel of not less than two members of the Board to hear and decide the appeal. The panel shall make reasonable efforts to meet and consider the appeal within twenty days after the chairperson refers the grievance to the panel. The panel shall review the complaint on the record unless it determines that additional information may be presented. No new evidence, written or verbal, may be presented without the prior knowledge and consent of both parties.

At the Board Panel's discretion, they may hold a hearing and ask each party may make a brief oral presentation of no more than twenty minutes to summarize his or her position. The panel has the authority to ask questions, extend time limits, exclude extraneous or duplicative information, and otherwise maintain an efficient and fair appeal hearing. If a hearing is held, it will be recorded and shall be held in closed session. The Board panel may affirm, reverse or modify the decision. The Board panel shall use the preponderance of the evidence standard in reaching its decision. The Board panel will provide a final written decision within twenty days after the Board hearing unless the panel determines that additional time is needed for further review. The decision of the Board panel shall be final.

D. Timeliness of Process

If any THE SCHOOL official charged with investigating the complaint or reviewing the investigation fails at any step in the process to communicate a decision within the specified time limit, the complainant will be entitled to appeal the complaint to the next step unless the official has notified the complainant of the delay and the reason for the delay. The SCHOOL official shall make reasonable efforts to keep the complainant apprised of progress being made during any period of delay. Delays that interfere with the exercise of any legal rights are not permitted.

Failure by the complainant at any step in the process to appeal to the next step within the specified time or to attend a scheduled meeting or hearing under this policy will be considered acceptance of the results of the investigation and the SCHOOL's response to the complaint, unless the complainant provided notice of the delay and the reason for the delay and the SCHOOL consented in writing to the delay.

E. General Requirements

1. No person shall engage in any act of reprisal or retaliation against a victim, witness, or a person with reliable information about an act of bullying or harassing behavior. Any student who engages in such conduct will be disciplined in accordance with the School's Code of Conduct. Any employee who engages in such conduct will be disciplined up to and including termination. Any parent/guardian who engages in such conduct may be permanently banned from the School's campus and events.
2. Disciplinary or other action may be taken against the complainant or other individual if the person knew or had reason to believe that the complaint or report was false or knowingly provided false information.
3. All meetings and hearings conducted pursuant to this policy will be private.
4. The complainant may be represented by an advocate, such as an attorney, at any meeting with the SCHOOL under this policy. Should the complainant choose to be represented by an attorney, an attorney for the SCHOOL may also be present.
5. Nothing in this policy shall prevent the Executive Director or Board from suspending the alleged perpetrator without pay during the course of the investigation or taking any other action deemed appropriate where the alleged perpetrator is an employee.
6. Nothing in this policy prevents the Executive Director from taking steps to protect students and/or the school community, as well as providing supportive measures to the complainant or other students.

In addition, this policy establishes a procedure for parents to learn about their child's course of study and the source of any supplementary instructional materials. Our procedure includes the process for parents to inspect and review all textbooks and supplementary instructional materials that will be used in their child's classroom. Finally, this policy also establishes a means for parents to object to textbooks and supplementary instructional materials consistent with the requirements of N.C.G.S. 115C-9
- (2) **Parent Participation.** Parent participation in their child's education is important and encouraged. We strongly encourage parents and teachers to cooperate regarding homework, school attendance, and discipline. Information and ways parents can help their children and encourage cooperation with their child's teacher are included in the Parent/Student Handbook as well as the following: Parent Teacher Organization communication and meetings, Back to School Night, Curriculum Nights, and in Parent Resources on the school website www.micharter.org.
- (3) **Charter School exemptions.** A charter school is exempt from statutes and rules applicable to a local board of education or local school administrative unit. As such, the School determines its own curriculum and textbooks and is not bound by the laws governing local boards of education and local school administrative units. The School has the sole authority to select and procure curriculum, textbooks, supplementary instructional materials, and library materials. Further, the School has the sole authority to determine if the materials are related to and within the curriculum's limits and when the materials may be presented to students during the school day. In general, supplementary books and other instructional materials shall neither displace nor be used to the exclusion of basic textbooks where the School has selected textbooks.

Formats for textbooks may be print or nonprint, including hardbound books, softbound books, activity-oriented programs, classroom kits, and technology-based programs that require the use of electronic equipment to be used in the learning process. Textbooks do not include supplementary instructional materials, including supplementary textbooks, periodicals, audiovisual materials, and other supplementary materials used for instructional purposes.
- (5) **Requirements of § 115C-76.55.** Instruction on gender identity, sexual activity, or sexuality shall not be included in the curriculum provided in grades kindergarten through fourth grade, regardless of whether the information is provided by school personnel or third parties. For the purposes of this section, the curriculum includes the standard course of study and support materials, locally developed curriculum, supplemental instruction, textbooks, and other supplementary materials but does not include responses to student-initiated questions. Further, students may discuss gender identity, sexual activity, and sexuality with the school counselor and/or social worker, or any adult they feel comfortable with. This provision shall be implemented consistent with Title IX, and where a conflict arises between the two laws, federal law will control. Nothing in this provision prevents school staff and teachers from appropriate classroom displays not inconsistent with any school policy on such displays.
- (6) **Use and Purpose of Textbooks.** The School selects and uses textbooks as part of its curriculum and course of study. The textbooks selected are intended to advance the school's curricular objectives.
- (7) **Process For Selecting Curriculum, Textbooks, Supplementary Books And Instructional Materials.** The School's process for selecting curriculum, textbooks, supplementary books, and instructional material is as follows:

To the extent the School establishes such an advisory committee, information about that advisory committee will be communicated to parents, teachers, and the community.
- (2) In the event the School has not established such an advisory committee, parents may submit challenges to textbooks and supplementary instructional materials for the following reasons only: the textbook and/or supplementary materials are educationally unsuitable, pervasively vulgar, or inappropriate to the age, maturity, or grade level of the students. There are no other grounds for challenges to textbooks or supplementary materials under this provision.
- (3) To submit a challenge to a particular textbook and/or supplementary material, the parent shall submit in writing a detailed description of their challenge to the School. The parent should also provide suggestions for alternatives to such textbooks and/or supplementary materials that they are challenging. Challenges must be sent to the School via email sent to Karen Riner, Elementary School Principal, at kriner@micharter.org or Jake Wilson, Middle/High School Principal, at jwilson@micharter.org. or sent via mail or hand delivered to the School's address and designate on the outside of the letter: *Textbook and/or Supplementary Material Challenge*.

- (5) If the decision does not resolve the matter, the parent may file a written appeal to the Executive Director if they were not involved in the initial review of the challenge. The Executive Director shall review and respond to the challenge within five (5) business days.
- (6) If the Executive Director is not able to resolve the matter, the parent may file a written appeal on the record with the School's Board of Directors within five (5) business days. There are no hearings

on appeal, and decisions will be based solely on the written challenge provided by the parent and information provided by the School. The appeal must comply with section (1) above. The Board will designate a Board Panel to review the challenge and communicate its decision to remove or retain the challenged material within twenty (20) business days. The Board Panel's decision is final.

(7) The Board always has sole authority and discretion to determine whether a challenge has merit and whether challenged material should be retained or removed. There is no appeal from a decision of the Board Panel.

(8) Timelines set forth herein may be extended for good cause.
